## **Air Quality Advisory Chelan and Manson Area – Unhealthy this Morning**

Areas around Chelan and Manson are receiving smoke from the Wolverine Fire. At times Air Quality is expected to be Unhealthy or Unhealthy for Sensitive Populations. Information here can provide guidance for the level of smoke you are seeing and the precautions recommended.

**Air Quality will vary throughout the day.** Individuals with pre-existing heart and lung diseases, the elderly, and children are at highest risk of experiencing health complications from smoke.

For more information go to <http://wasmoke.blogspot.com/> or <http://www.cdhd.wa.gov/> to the air quality and fires page or the Chelan County face book page.
