COVID TESTING RESCHEDULED AGAIN DUE TO AIR QUALITY

Chelan & Douglas County, WA – Due to current and forecast very unhealthy (201-300) and hazardous (301-500) air quality levels, the Chelan-Douglas Health District made the decision to cancel the COVID-19 testing that was scheduled for Wednesday, September 16th, 2020 in Plain, WA.

Testing will now take place on Thursday and Friday, September 17-18, at Station 93, 19015 Beaver Valley Road, Leavenworth, WA 98926 (in Plain, WA). The team will be reviewing air quality levels throughout the week to ensure safe operations outdoors and may make additional changes.

To see current air quality levels please visit: <https://enviwa.ecology.wa.gov/home/map>. Public health would like to remind everyone to please stay indoors, use a HEPA filter if possible and wear a mask if you must go outdoors.
