CDHD Ceases COVID-19 Vaccine Operations at Town Toyota Center

East Wenatchee, WA – As of November 30, Chelan-Douglas Health District (CDHD) will stand down its COVID-19 vaccine operations at the Town Toyota Center in Wenatchee. CDHD's final vaccine clinic will be Wednesday, November 30 from 10:30 am to 4:30 pm.

Due to the Thanksgiving holiday, COVID-19 vaccines will be available from 10:30 am to 1:00 pm on Wednesday, November 23.

COVID-19 vaccines are available by [registration](#) only. CDHD offers Pfizer-BioNTech primary series, adult bivalent boosters and pediatric bivalent boosters to children over the age of five (5). Visit [vaccines.gov](https://www.vaccines.gov) for other local vaccine providers.

CDHD ceased its COVID-19 *testing* operations on October 27. However, FREE COVID-19 at-home test kit are available at various organizations and community agencies throughout Chelan and Douglas counties. Click [here](#) for a distribution site near you.

If you test positive, report your COVID-19 self-test results [here](#) or visit CDHD's [COVID-19 page](#). Care Connect Washington provides assistance, such as nonperishable food kits, personal care kits and fresh food orders, for individuals in isolation or quarantine. If you tested positive for COVID-19 and need such assistance, please call the state COVID-19 hotline at 1-800-525-0127, then press #.

CDHD will continue to work with local healthcare providers to ensure future COVID-19 clinics are available if we experience another surge in COVID-19 cases. In the meantime, be mindful of general hygiene measures such as proper hand-washing, staying home if you are sick and getting tested if you believe you have COVID-19.

For more public health updates, visit www.cdhd.wa.gov and follow us on [Facebook](#), [Twitter](#) and [Instagram](#).
